## Monroe Harbor – Sterling State Park CDF

### **Project Features**

- Monroe Harbor - Sterling State Park CDF is an in-lake facility attached to land in Monroe, MI located on the north end of Sterling State Park.
- Navigation Project Served: Monroe Harbor
- The CDF was constructed in 1983 under authority from Section 123 and has more than ten years of capacity remaining.
- Sterling State Park CDF has an area of 89 acres, has a total capacity of 4,300,000 cubic yards, and receives about 84,300 cubic yards annually.
- The CDF is owned by the Michigan Department of Natural Resources and is operated by the US Army Corps of Engineers.

### **Beneficial Use Information**

- The material in this site has a fine grain size.
- Direct transportation access to the CDF is available via road and water.
- The US Army Corps of Engineers has the authority to remove or sell material from this CDF. Interested parties can contact Mr. Steven Thompson at [Steven.W.Thompson@usace.army.mil](mailto:Steven.W.Thompson@usace.army.mil).

### **Post Closure Use**

- The intended post closure use of Monroe Harbor - Sterling State Park CDF is intended for park expansion.
